

PASSED THE BOND BILL

Senate Opposed to Further Issues

WITHOUT CONGRESS' APPROVAL

River and Harbor Bill Passed Over the President's Veto by the House.

WASHINGTON, June 2.—At 7 o'clock tonight the long struggle in the senate over the bill to prohibit the issue of bonds came to an end, and the bill was passed by a vote of 35 to 32. The bill as passed covers only three lines, as follows:

Be it enacted, that the issuance of interest-bearing bonds of the United States, for any purpose whatever, without further authority of congress, is hereby prohibited.

The voting did not begin until 6:30 a.m., at which time the chamber was dimly lighted and the galleries almost empty.

A flood of amendments were first voted on, all being defeated. One by Mr. Aldrich of Rhode Island gave the executive power to issue bonds in certain emergencies; another by Mr. Aldrich provided that the act should not take effect until the treasury notes be retired when redeemed was tabled, 41 to 12. Mr. Gray's amendment for the substitution of coin notes for treasury notes was defeated without a vote and was not taken. The last preliminary vote was on Mr. Hill's motion to postpone the subject until next December, which was defeated. Then came the final vote, with the result stated.

The debate on the bond bill lasted throughout the day and was at times very animated. Mr. Cannon of Utah made a special reply to criticisms of the bill, and Mr. Aldrich of Rhode Island defended himself who voted against the Dingley tariff bill, and declared the measure was a legislative monkey business. Mr. Cannon retorted that the interest of the states took Henry M. Teller as a leader rather than the senator from Ohio (Sherman). Mr. Allison expressed his strong belief that the United States should not continue upon the coinage of silver at 16 to 1.

Mr. Chandler appealed to senators on the other side of the chamber to join in a patriotic measure to sustain the credit of the United States. Mr. Teller paid a tribute to the personal integrity of President Cleveland and Secretary Carlisle.

Teller spoke in favor of making silver the standard and permanent medium. Mr. Burrows declared that it would have been better had the country gone down in the storm of war than that a measure taking away the last prop to the credit of the United States should be passed.

Before the bond bill was taken up, Mr. Morrill of Vermont, chairman of the finance committee, called the roll and announced that Mr. Vest gave notice that he would move tomorrow to take up the river and harbor bill.

In reporting a bill for the construction of the Nicaragua canal, Mr. Morgan asked that December 14th next be fixed for consideration of the bill, but Mr. Pettigrew, Republican of South Dakota, objected. Debate was then resumed on the conference report on the Indian appropriation bill, Mr. Vilas and Mr. George opposing the report.

At 1 p.m. the Butler bond bill was taken up, the Indian conference report going over.

Mr. Aldrich offered the following amendment, as an additional section to follow that prohibiting the issue of bonds:

"Unless in case of emergency, it is necessary, in the opinion of the President of the United States and the secretary of the treasury, to issue such bonds in accordance with the provisions of existing laws, to preserve the public credit or to meet obligations of the United States created by such existing law which cannot otherwise be met, such bonds shall not be issued, shall first be offered at public sale."

Before the debate proceeded Mr. Hill suggested that a vote on the Brown resolution, declaring the issue of bonds to be unconstitutional, be taken. The vote on the Butler prohibitory bill.

Mr. Brown assented, and Mr. Butler waited 6 p.m., tomorrow fixed as the time for the vote on the Brown resolution.

Mr. Hill insisted, however, that the "whole bond business" should be cleared from the floor today. Objections were made and no agreement was effected.

HOUSE.

WASHINGTON, June 2.—The house devoted itself today to passing the river and harbor bill over the President's veto, and to passing, by a vote of 162 to 53, John J. Walsh, the Democratic member from the Eighth New York district, whose place will be filled by John Murray Mitchell, Republican. Both of these men were elected by the voters of New York, and the latter was elected by a large majority.

The debate consisted largely of the discussion of technicalities, although there were incidental attacks upon the defenses of Tammany hall.

On the roll call the vote was 163 to 53. Mr. Mitchell was elected by a large majority.

Chairman Bouffie of the naval committee made a partial report on the naval bill.

A further conference on the battle ship bill was ordered.

The fortifications bill was reported from conference by Mr. Haines, Republican of Nebraska. The adoption of the report was prevented by Mr. Keppel, who made the point of no quorum, and the house at 4 p.m. adjourned.

Accidentally Shot.

FULLERTON, Cal., June 2.—While driving from his home in Anaheim today, Robert H. Sparks, aged 14, was shot and instantly killed by the accidental discharge of a gun which he was holding.

RETURNS FROM OREGON.

Large Populist Gains in Nearly Every County.

PORTLAND, Ore., June 2.—Returns from yesterday's election are still incomplete. Returns from the interior today show large Populist gains in nearly every county in the state. The Republicans have elected Dean Judd. The two congressmen are in doubt, the contest being between the Republican and the Populist nominees in both districts. The first district gives Tongue (R) 7881, Vandenberg (P) 7045, Myers (D) 3204. The vote in the second district gives Ellis (R) 10229, Quinn (P) 10230, Northrup (D) 10230, Beckwith (D) 10230.

The legislature will be close, but at the present time the indications favor the Populists. In many counties the vote is close and until complete returns are received the result will not be known. The Democrats and Populists fused in several counties and it is possible that the Democrats and Populists together will have a majority in the house. The senate is Republican by at least five majority.

Ex-Governor Penney's plurality in this city for mayor, according to the vote counted, will be over 2000.

JOCKEY CLUB ELECTION.

Most of the Former Directors and Officers Chosen.

SAN FRANCISCO, June 2.—At the annual meeting of the stockholders of the Pacific Coast Jockey Club today, the following directors were elected: A. B. Sprackles, Henry J. Crocker, Edward Corrigan, Walter S. Hobart, M. F. Terrey, W. S. Leake and S. N. Andrews.

All had been members of the former board and were elected to succeed themselves except M. F. Terrey, the only new director, who was chosen to take the place of Henry Schreiber, whose trip to Germany prevents his continuing to serve.

Immediately after the adjournment of the stockholders' meeting the directors convened and re-elected all the former officers as follows: President, A. B. Sprackles; vice president, Henry J. Crocker; secretary, W. S. Leake; treasurer, the Crocker-Woolworth Bank.

Dunham's Pursuers.

HOLMSTEAD, June 2.—Sheriff Dalton, Lyndon and Matthews arrived here from the noon train today, accompanied by their bloodhounds. They were joined by Sheriff Holmstead of this county, after which they started for Tres Pinos.

The chase of the murderer, who is supposed to be the Quin Sabo valley, in the Coast range, in which region Dunham is supposed to be hiding. A tip received by the sheriff that the murderer had been seen in the Coast range, in which region Dunham is supposed to be hiding.

Before the bond bill was taken up, Mr. Morrill of Vermont, chairman of the finance committee, called the roll and announced that Mr. Vest gave notice that he would move tomorrow to take up the river and harbor bill.

In reporting a bill for the construction of the Nicaragua canal, Mr. Morgan asked that December 14th next be fixed for consideration of the bill, but Mr. Pettigrew, Republican of South Dakota, objected. AFTER THE WRONG PARTY

Officers Mistake a San Francisco Man for Hermann.

SALT LAKE, June 2.—A special to the Tribune from Market Lake, Idaho, says: Captain Donovan, a Salt Lake detective, accompanied by Drummer Nolan, left this place yesterday morning on the trail of the supposed Hermann, who went through here May 8th on his way to Jackson Hole, Wyo., and who rode on the stage with Nolan from this place to St. Anthony. A long, fruitless chase might have been saved the gentlemen had they communicated with anybody here, as the man they are going after, while he resembles the pictures of Hermann, is not that person at all, but Capt. D. T. Ahrensburg of 745 Pine street, San Francisco, who returned to the hole country. Captain Ahrensburg is of Swedish descent and speaks with a strong accent. He made arrangements here with a livid man to take a friend of his and his wife to the hole when they arrive, which will be in a few days. The supposition here is that the drummer not rattled when he thought he had a good thing, and has allowed his zeal to run away with him and take Captain Ahrensburg along.

AN EMPTY CELL.

A San Quentin Prisoner Makes Good His Escape.

SAN RAPHAEL, June 2.—Frank Wheeler, an inmate of the state prison at San Quentin, made good his escape last evening. He was not missed until morning, when it was found his cell was empty. The warden at once made a search, but could find no trace of Wheeler. Guards were sent out in all directions but to no avail. Wheeler was sent to San Quentin in March, 1889, and two weeks later made his escape and was not recaptured until 1895, when he was found in Chicago. Wheeler was a man 24 years of age, fair complexion, light brown hair. He was a man about five feet six inches in height and was considered a very dangerous man at large. He was sent from San Joaquin county for burglary in the first degree.

Sunday Closing of Saloons.

VIRALIA, June 2.—Grangers and Good Templars today petitioned the Board of Supervisors to pass an ordinance requiring saloons to close from 10 in the evening to 6 in the morning and from 10 o'clock on Saturday to 10 o'clock on Monday. They argued in favor of the movement on the grounds that the saloons in the field and orchards were liable on account of getting drunk on Sunday to be unfit for work on Monday. The board took the matter under consideration. The case was continued until Thursday.

The Advance in Silver.

NEW YORK, June 2.—The advance in silver bullion is attributed to three causes, buying by Paris for Russian account, decreases in the production of silver, and speculative buying of futures by local interests based on the attitude of the political parties regarding free silver. The purchase of futures on speculative account through one broker alone was 300,000 ounces.

Spanish Commerce.

MADRID, June 2.—The Spanish imports, beginning with the fiscal year and up to the month of April, have increased 1,143,000 pesetas, and the exports have increased 99,630,000 pesetas, compared with the same period of 1895. The custom receipts for the first ten months decreased 10,139,747 pesetas.

A Murderer Confesses.

SAN DIEGO, June 2.—Joe Elank, the West Indian convict, who is under sentence of death, has made a full confession. The crime of which Elank was convicted was the brutal murder of J. B. Jordan and his daughter, Mrs. Le Roy Stitt, who were killed last September while camping on the ocean beach a few miles beyond Oceanside.

Congressman Renominated.

OMAHA, June 2.—A special to the Bee from Cheyenne, Wyo., says: Congressman George Perkins, of the eleventh district, was renominated today by the Republican convention in this city. His only opponent was I. B. Struble of Lincoln, who was defeated by a vote of 70 to 40 in Perkins' favor.

THE BOAT CAPSIZED.

TWO MEN AND A CHILD NEARLY DROWNED.

Picnic Festivities on the River Interrupted—Rescued by U. G. Smith and C. Connell.

U. G. Smith and C. Connell of this city rescued two men and a 2-year-old child from drowning in the San Joaquin river on Sunday. Messrs. Smith and Connell and their families were picnicking at Woods' grove, and in the midst of their merry-making a man came running up, crying out that two men and a baby were drowning in the river.

Smith and Connell ran to the bank and saw two men and a child clinging to a snag in the middle of the stream. They secured a boat, and for an hour and a half tried to get out to the snag. But the stream was very swift, and their efforts to get a boat to the place were without avail. They procured a row and golded a distance above, let the boat down stream. In this manner the two men and child were rescued.

One was the German on Frank Hulsebach, who had been picnicking with the child and his son. The other man was a friend visiting from San Francisco. They had gone out on the river for a ride and in the twilight hour the child was taken into the water. The ranch foreman caught his child and they all managed to reach the bank.

The river at this point is very swift and boating is dangerous, notwithstanding the fact that many people who have never been on the water before engage in the pleasure every Sunday.

The names of the ranch foreman and friend could not be learned in the interests of the proprietors of the picnic grounds to have the matter kept quiet.

U. G. Smith is the proprietor of the New England boat market on 1 street.

Election at Phoenix.

PHOENIX, Ariz., June 2.—James D. Monahan, Republican and Citizens ticket nominee, was elected mayor of Phoenix today. The municipality also voted to issue \$12,500 new bonds of the city to take up outstanding indebtedness.

Condition of the Treasury.

WASHINGTON, June 2.—Today's statement of the condition of the treasury shows a deficit of \$1,000,000,000, \$204,858,200; gold reserve, \$107,616,336.

VALLEY ROAD DELAYED

By Right of Way Condemnation Suits.

OFFICERS ANXIOUS TO RUSH

Will Be Made Between Merced and Fresno.

SAN FRANCISCO, June 2.—The officers of the San Joaquin Valley road are chafing under the delay in construction caused by the necessity of bringing condemnation proceedings for right of way beyond Merced. There are four obstructions of this nature beginning at a point twelve miles south of town, one near Fresno and two or three in that city, involving the depot site among other things. The first of these suits will come up for trial on Monday next, and it is hoped to dispose of it in a few days, but the others may drag along. Track laying should be conducted at the rate of two miles per day, but for the last week has only progressed at half that speed. The tracks are now three miles from Merced and will reach that town on Thursday. At that point all difficulty regarding a depot site has been overcome, but from now on till the condemnation suits are finished little grading or track laying will be possible.

The San Joaquin officials say they have offered many times the value of the land which it is desired to traverse, and also to submit its value to arbitration, but that all proffers have been refused, and they have been compelled to go into the courts. They have little doubt that the tribunals will declare the road a public benefit and condemn the lands, but they are filled with disgust that delays should take place just at this time.

Death of Ex-Senator Stearns.

SAN DIEGO, June 2.—Ex-United States Senator O. P. Stearns of Minnesota died at Pacific Beach, near this city, today of pneumonia. Judge Stearns came here last October for his health, and his family having spent the past four winters here. The deceased had a highly honorable record in the senate, and his position of circuit judge of Duluth for many years, his career on the bench from 1872 to 1893 being only broken when he was chosen United States senator to fill the unexpired term of Senator Norton. The remains will be taken to Los Angeles for cremation.

Death of E. A. HARLEY

AN EMPLOYEE IN THE COUNTY SURVEYOR'S OFFICE

Found lying on the Floor of His Room—An Inquest to be Held.

E. A. Harley, who for many years was an employee in the county surveyor's office, was found dead in his room in the Edgerly block, over the postoffice, about 10 o'clock last night. He had evidently been dead several hours. He lay on the floor of his room and his position indicated that he had died suddenly. A pitcher of lemonade sat beside him and his floor was faintly marked. From all appearances he had suddenly been taken sick and had lain down on the floor, set the pitcher beside him and never afterwards moved.

An autopsy will be held today, when the cause of death will be determined. He was 41 years of age, a native of New York and was well known to a large number of people of this county. He was by profession a draughtsman and civil engineer. None of his many friends were in the office of late years were made by him. In this line of work he had few equals. So far as could be ascertained last night he leaves no relatives, although it is probable he has family connections in the east.

Committee of Ten.

An important meeting of the Committee of Ten has been called for 4 o'clock this afternoon, and a full attendance is desired. Assistant Engineer Eads has been in Fresno and has the work on the bridge across the San Joaquin for the past two days.

REWARD FOR DUNHAM.

Mass Meeting Held by San Jose Citizens.

SANTA CRUZ, June 2.—This morning the sheriff received a message from Felton that Dunham had been seen there and the tracks of a man whose feet were mottled in socks were found near Ben Lomond. Immediately investigation was made, and the sheriff was convinced that the man seen was not Dunham. The mass meeting tonight was the largest probably ever held in San Jose. Only about \$200 was pledged, but the committee named last night were continued, and will go to work to raise the \$10,000 reward, which they expect to raise in a day or two. A committee, consisting of M. H. Hyland, L. Lion, L. A. Spitzer, O. Bangertner, M. Phillips and A. K. Whitton was named to appoint and lead the many citizens who wish to go to the mountains and join in the chase for Dunham. Tonight the sheriff is in the southern part of the county in the neighborhood of Pacheco Pass to guard the trails there. The officers believe Dunham has gone south.

Railroad Incorporation.

OMAHA, June 2.—The Yankton and Norfolk railway, construction of which was suspended about two years ago, when its British proprietor, decaunted, has been taken up by Omaha men, with a prospect that the line will shortly be completed and operated. Articles of incorporation have been filed. The capital stock is \$5,000,000. The road will follow the course of Cedar, Knox, Pierce and Madison.

Agent Benton's Removal.

SAN FRANCISCO, June 2.—Federal officials are somewhat excited at the peremptory removal to another district of J. C. Benton, assistant special agent of the treasury for the northern district of California. This action on the part of the secretary of the treasury is said to be the outcome of the difference between federal officials at this port, and which have agitated the service for many months.

Without Cleveland's Approval.

WASHINGTON, June 2.—The indications are that the general deficiency appropriation bill will not receive the President's signature, owing principally to objections to the item appropriating \$1,500,000 for the payment of French applications and Bowman act claim. It is probable, however, that the bill will be permitted to become a law without his signature.

Gains for Rinaker.

WASHINGTON, June 2.—The recount of votes from the contested precincts of the Sixteenth Illinois district is nearly completed and indicates that Rinaker, Republican, will secure the seat held by Downing. The last precinct counted today also gains for Rinaker, giving him a plurality.

Tacoma Pays the Interest.

TACOMA, Wash., June 2.—The interest due today on \$2,080,000 of Tacoma light and water bonds, the legality of which has been called in question by certain bondholders, was paid by Tacoma in New York today.

The Lovers Trial.

VIRALIA, June 2.—Out of sixteen talents examined today in the trial of train robber El Lorenz were selected, making eight jurors.

Killed by a train.

OAKLAND, June 2.—The Berkeley train today ran over and killed Larrin Sullivan, 9 years old, at the curve near the mole.
